What is your organization's mission/ vision?

The MetroHealth System is redefining health care by going beyond medical treatment to improve the foundations of community health and well-being: affordable housing, a cleaner environment, economic opportunity and access to fresh food, convenient transportation, legal help and other services.

The system strives to become as good at preventing disease as it is at treating it.

What else would you like people to know about The MetroHealth System?

We are a safety net hospital taking care of the Cleveland community. Our mission is to break down barriers to give the best possible care to every patient and reduce obstacles of successful patient outcomes. How we stand apart: extensive patient assistance program, centralized prior authorization, automation, same day deliveries, multiple accreditations, and collaborative practice agreements that allow pharmacists to work at the top of their license.
